**What we do**

CatholicCare's Refugee and Settlement program helps people to settle in Australia, and be confident in everyday activities such as shopping, using public transport, making appointments and communicating with Centrelink, Landlords, schools teachers etc.

If you are from a **refugee or asylum seeker background and have been in Australia for up to five years**, our support groups can make life easier for you and your family.

We aim to empower people, families and communities to become confident in their new country; to build a sense of belonging and to integrate into our vibrant multi-cultural community.

We work in partnership with schools, health services, businesses and other community organisations to help support people who are settling in Australia.
