What we do

CatholicCare's Refugee and Settlement program helps people to settle in Australia, and be confident in everyday activities such as shopping, using public transport, making appointments and communicating with Centrelink, Landlords, schools teachers etc.

If you are from a **refugee or asylum seeker background and have been in Australia for up to five years**, our support groups can make life easier for you and your family.

Multicultural Beginner English Conversation Groups (no English required)

You can learn basic English phrases and use them in conversations with other people in the group. This is great way to build confidence and make new friends.
